Isane Platt, Esq., Editor of the Pokeepsie Eagle, one of the most influential journals in the state of New York, states, under the authority of his own name, that a young lady, a relative of his, of very delicate constitution, was attacker in Feb. 1842, with severe cold, which immediattacked in Feb. 1842, with severe cold, which immediately produced spitting of blood, cough, laver, and other dangerous and alarming symptoms. Through medical treatment and care she partially recovered during summer. But on the return of winter she was attacked more violently than at first, the became scarcely able to walk, and was troubled with cough, chills and fever every day. and appeared to be going rapidly with consumption; a this time, when there was no sign of improvement, Mr. Platt procured a bottle of Wistar's Balsaus of Wild Cherry, which she took, and it seemingly restored her. She got a second, and before it was taken she was restored to perfect health, which she has enjoyed to the present time, without the slightest symptom of her former disease Mr. Platt says "the cure came under my own observa-
